

HNL Lab Medicine's Oral Fluid Point of Care Drug Testing

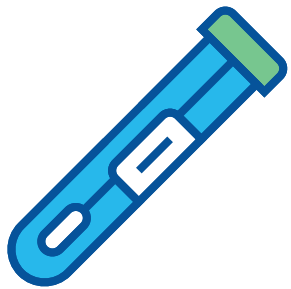

A SMART SOLUTION FOR EMPLOYERS

In today's fast-paced work environment, ensuring a safe and drug-free workplace is a priority for employers. HNL Lab Medicine offers an innovative solution with its Oral Fluid Point of Care (POC) drug testing.

WHY CHOOSE ORAL FLUID TESTING WITH HNL?

- **FAST RESULTS:** Get results in 10 to 20 minutes.
- **CONVENIENT:** Can be conducted anywhere; no specialized facilities needed.
- **RECENT DRUG DETECTION:** Ideal for identifying recent substance use.
- **QUALITY:** Ensures accuracy, compliance, and tailored solutions.

KEY BENEFITS FOR EMPLOYERS

- **COMPREHENSIVE SCREENING:** Detects 10 different drug/drug classes.
- **QUICK DECISION-MAKING:** Reduces downtime and maintains productivity.
- **LESS INVASIVE:** More comfortable than urine tests; easier for individuals with medical conditions.

HOW ORAL FLUID POINT OF CARE TESTING WORKS

1. **SAMPLE COLLECTION:** An oral fluid POC test swab from the mouth.
2. **TESTING DEVICE:** A stick with a swab at the end inserted into a testing device similar to pregnancy or COVID-19 tests.
3. **RESULT PROCESS:**
 - Results provided in 10 to 20 minutes.
 - Positive results undergo confirmation testing at HNL Lab Medicine's facility on Roble Road.
 - Negative results provide immediate clarity for quick decisions.

ADVANTAGES OVER TRADITIONAL URINE TESTING

Unmatched Convenience: Oral Fluid Drug Testing Can Be Conducted Virtually Anywhere At Any time.

- **EASE OF USE:** No special collection procedures or facilities are required.
- **EFFICIENCY:** Reduces logistical challenges and wait times.
- **COMFORT:** Less invasive and easier for all employees.

Choose HNL Lab Medicine

- **TRUSTED EXPERTISE IN FORENSIC TOXICOLOGY:** Compliance with industry standards and regulations.
- **QUALITY ASSURANCE:** All new device lots are tested for reliability.
- **TAILORED SOLUTIONS:** Customizable options to meet your business needs.

This combination of speed, convenience, and reliability makes HNL Lab Medicine's Oral Fluid POC testing an ideal solution for maintaining a safe and productive workplace.

KEEP YOUR WORKPLACE SAFE AND PRODUCTIVE!
